

He Was In Charge

V1

When the soldiers came for the Lord by night,
In the garden where He had prayed,
With weapons and power they were ready to fight,
But they saw Jesus was not afraid,

V2

Later they charged this innocent Man,
For crimes He could never have done,
They thought they held power in the palm of their hand,
But the defendant was God's own son

Ch

He was in charge of His life
In charge of His death
Gods plan was unfolding that day
He was in charge when He breathed His last breath
No power on earth can take His life away

V3

Jesus was born to bear the sins of all men,
He would break all the world's prison bars,
When the earth turned dark in the middle of the day,
That's when they knew He was in charge

Ch

He was in charge of His life
In charge of His death
Gods plan was unfolding that day
He was in charge when He breathed His last breath
No power on earth can take His life away

Bridge

And then when they sealed Him behind a great stone
Secured for three days by the guards
They trembled when they saw Jesus was gone
Resurrected He was in charge

Ch

He was in charge of His life

In charge of His death
Gods plan was unfolding that day
He was in charge when He breathed His last breath
No power on earth can take His life away
